Budget vs. Actual Spending Analysis (Monthly)

Month Budget Actual Difference

Jan \$2.1M \$1.9M -\$0.2M Feb \$1.8M \$1.7M -\$0.1M Mar \$2.4M \$2.2M -\$0.2M Apr \$1.9M \$1.8M -\$0.1M May \$2.0M \$1.6M -\$0.4M Jun \$2.6M \$2.4M -\$0.2M

■ Insight: Across all months, actual spending remains consistently below budget, reflecting good cost control. However, the largest gap appears in May with a \$0.4M underspend.

📌 Key Highlights

- Projects and budget are growing steadily month-over-month.
- Task volume is slightly declining—needs review to ensure operational productivity isn't impacted.
- Spending is within budget, suggesting financial discipline.
- Employee growth supports the scaling project portfolio.

! Recommendation

- Analyze reduction in task volume to identify if it's due to efficiency or project delays.
- Consider reallocating unused budget portions for innovation, training, or rapid prototyping.
- Maintain focus on balancing procurement growth with actual utilization.
